Moalboal – Philippines

MAGIC ISLAND RESORT

Tour Leader - James

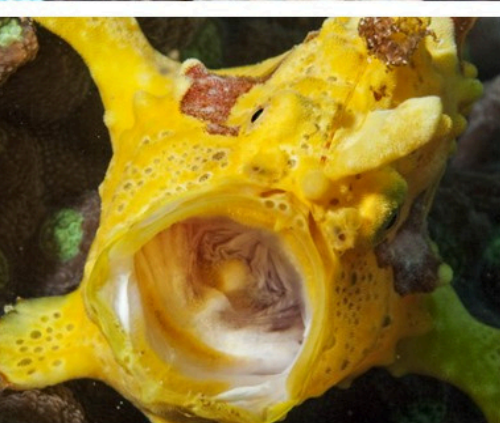

The Republic of the Philippines lies off the south-east coast of the Asian mainland. It is an archipelago of 7,107 islands and islets. With so many islands, the Philippines have a huge range of opportunities for diving and snorkeling.

Magic Island Dive Resort is a small, welcoming and intimate dive resort located by the water's edge near the popular town of Moalboal, a quiet spot on the southern tip of the Copton Peninsula. The resort has beautiful views overlooking Tañon Strait, Pescador Island, Badian Island and the hills of Cebu.

With 10 individual cottages on the premises and a dive center fully equipped to handle thirty plus divers, it never seems overly busy, allowing you to fully enjoy all of the amazing amenities. A restaurant and bar serving Philippine, European and vegetarian cuisine, swimming pool, lounge bar, small massage and spa treatment area, lounge areas complete this resort.

Situated on the rocky coast line, the resort provides you with perfect access to the most amazing house reef with a drop off down to 50m. Moalboal offers extremely varied dive sites, all within a twenty minute boat ride on locally built bancas. Explore walls, small caves, caverns and reefs teeming with marine life. The house reef is popular for night dives and mandarin fish can be seen on twilight dives. The marine diversity around the peninsula is outstanding. Divers can expect to see, shrimp, Morays, cuttlefish, frogfish, turtles, jacks and tuna, hard and soft corals, large fans full of macro life and black corals.

Dive Pescador Island – The Sardine bait ball is a spectacle all by itself, with well over a million sardines making up the school. Watching them shift and change shapes as the predators swoop in to catch a tasty mouth full. For those who adore the elusive Mandarin Fish, then this is the place for you, every day, except during full moon, these tiny little fish, which are usually very shy, come out of hiding to mate.

On this tour you will visit the world famous location (Oslob) to see the renowned whale sharks. Divers and snorkelers have the chance to get a close up experience with these gentle giants. This is an experience not to missed!
